

Global Rhythm is a soul fusion and funk band consisting of four talented artists from around the world: Vicky Flint (London), n.e.r.d. life by D'Vo (Houston, TX), Master Pe (Brazil), and OB3ple (Sweden). Their mix of authentic instruments, soulful vocals, and funky beats will make you want to grab a partner and swing dance into the night.

Before formation, the bandmates of Global Rhythm had featured appearances on the lead singer, D'Vo's first album, 'The Codex: I've Got Next', in the song *One Love* as well as his second album, 'The Codex: Running the Point', on *Me and My Friends*.

Global Rhythm might be far apart but they have captured international listeners from their single, 'Reset The Scene', on Twitch, and was TOP 50 on Digital Radio Charts for four consecutive weeks. In spite of language barriers, the band remains on one accord when it comes to creating music that people love.
